Subject: Early Comments on the Draft Oregon NPS Plan from the CZARA Perspective

Hi Don,

Great news that you got the draft NPS Mgt Plan update out for public review.

I've already received comments from the other (EPA HQ) Don on Oregon's NPS Mgt Plan. Given the Sept 30 deadline, I am forwarding them to you immediately to consider as they may require some time to address. See below.

How will Oregon show that it is implementing the CZARA management measures through this NPS MP update (rather than merely providing us a summary description of what they've already submitted to us in March)? Include something in the milestones that shows tracking for various management measures—not all MMs, but the ones you consider most critical. EPA encourages Oregon to use a section of their 319 annual reports to report out on the results of their tracking and monitoring for MM implementation and to mention that intent in this Plan.

Would be great if you could provide us with a list of priority/critical MMs that you intend to track as soon as you can so we can make sure we are in agreement.

Thanks!

Jayne

Subject: RE: Draft Oregon NPS Plan Ready for CZARA Review; Comments Due by Sept 2

Jayne,

My comments are along the lines of how will Oregon show that it is implementing the CZARA management measures through this NPS MP update (rather than merely providing us a summary description of what they've already submitted to us in March)? I would look for something in the milestones that shows tracking for various management measures. Not all MMs, but the ones EPA and the state think are most critical. Oregon might also mention its intent to use a section of their 319 annual reports to report out on the results of their tracking and monitoring for MM implementation (and I would encourage them—and all coastal states to take this approach). I don't see these pieces in this draft.

Don

Subject: Draft Oregon NPS Plan Ready for CZARA Review; Comments Due by Sept 2

Hi All,

This is the version (<http://www.deq.state.or.us/wq/nonpoint/plan.htm>) we should review from the OR CZARA perspective. Comments are due to Don Y by September 2.

Rick reviewed the preliminary draft and provided comments which Don Y state he addressed. Then Rick Ex. 6 - Personal Privacy and Martha replaced him as the Oregon NPS Coordinator. Don then sent out the next version to his agency and other sister state agencies. He revised the plan based on their comments and offered us an opportunity to review that draft before going through the public participation process. Due to Rick's Ex. 6 - Personal Privacy and the heavy workload to get the grant out, our heavy CZARA workload and the desire to keep the process moving etc. so that the September 30 deadline could be met, we decided to have that version move forward through public review and provide our comments during the public comment period.

I will set aside some time in late August to discuss our thoughts and comments.

Cheers,

Jayne
